Art Portraits

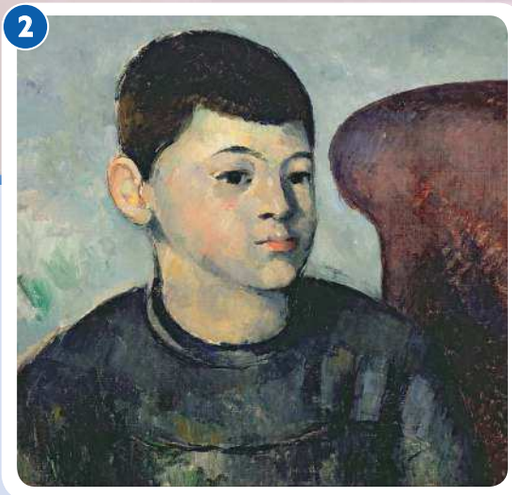

Fact

Oil paintings can take many years to dry.

1 Read, look, and answer.

Look at these two pictures. Which one is a portrait?

There are a lot of different types of paintings. A picture of a person or a group of people is called a portrait. A painting of the artist is called a self-portrait.

4 Now match the texts with the portraits.

1 I love this portrait by Ursula Roma. It has a lot of colors. We can see the family and their pets.

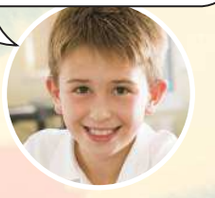

2 This is my favorite family portrait. It's by Pablo Picasso. I can see three children with their parents and grandfather.

3 I love old paintings. I like this portrait by Copley. It's very old, and we can see his family. He has four children.

4 The parents are both wearing hats. They are walking with their son and daughter. I love this portrait by Hulis Mavruk because it's very happy.
